HP Education Services

Reduce IT costs, control the risks to business operations, and drive faster growth with training from HP

With over 30 years of experience, HP Education Services brings unmatched content and expertise in HP products, related processes and topics, and industry-standard technologies. In fact, HP has been honored as one of the [Top 20 IT Training Companies](#) and [Top 20 Content Development Companies](#) by Training Industry Inc. based on leadership, innovation, quality and expertise.

Our Offering

Technical Training

Our technical training focuses on a wide range of HP and industry standard products, tools and technologies. HP's award-winning training is delivered by professional instructors who are also technical experts in their fields.

IT Service Management Training

IT Service Management (ITSM) Training addresses the strategic business value generated by IT organizations and the need to deliver superior service. HP has unsurpassed credentials in the ITSM/ITIL arena through thought leadership, education and advocacy.

Learning Solutions

Through our [Learning Solutions](#) practice, HP delivers customized alternatives to address customer-specific needs. When confronted with technology transformation, our learning consultants help by analyzing and understanding business drivers, learning culture, skills base and timelines. HP designs and creates tailored learning strategies that focus on specific training needs, development opportunities and performance requirements.

Certification

The HP Certified Professional Program is now [ExpertONE](#). ExpertONE career certification signals that technical abilities are top-notch, tested, and proven to the world's largest technology company. It confirms the cutting-edge skills and business acumen necessary to integrate different technologies from multiple vendors and use those technologies to drive IT innovation.

HP Education Services offers the targeted HP Networking and Converged Infrastructure training needed to pass ExpertONE certification exams. Our certification training is professionally developed, approved by HP subject matter experts, and delivered by instructors with relevant technical experience.

HP also offers in-depth courses and exam preparation for industry leading [certification programs](#) including ITIL, VMware and Microsoft.

HP Care Pack Services for Education

Flexible, economical, simple to purchase and easy to use—[HP Care Pack Services for Education](#) are ideal for those customers who know that training will be needed during the upcoming months, but are not exactly sure of the specifics (who? what? when?). With HP Care Pack Services, customers purchase training credits upfront and then redeem the training credits as needed. Valid for 12 months from the date of activation, Care Packs can be used to attend any training offered by HP Education Services—including open enrollment classes at HP Education Centers; live, online classes by RAIL; dedicated onsite classes; or online, self-paced training offered through the [HP eLearning Center](#).

Two types of Care Pack Services for Education are available:

HP Care Pack Total Education. The *HP Care Pack Total Education* (U5466S #4BA/U4993E) and *Total Education One* (U5466S #4NK/UC818E) allow volume purchase of training credits in increments of \$1000 or \$100.

HP Care Pack Services for Technical Training.

HP Care Pack Services for Technical Training are similar to the *Care Pack Total Education* but are priced based on the cost for one student to attend one day of open enrollment training on a specific technology.

Care Pack Services for Technical Training are available for the following HP and industry products:

- *HP Care Pack for HP-UX/OpenVMS Training:* HF382E/A1
- *HP Care Pack for ProLiant Training:* HF385E/A1
- *HP Care Pack for Storage Training:* HF383E/A1
- *HP Care Pack for Networking Training:* HH245E/A1
- *HP Care Pack for VMware Training:* HF386E/A1
- *HP Care Pack for Linux Training:* HK771E/A1
- *HP Care Pack for Microsoft Training:* HH387E/A1

Flexible delivery options

HP offers a variety of training delivery options to meet your needs:

- Traditional classroom courses at [HP Education Centers](#);
- Live, virtual instruction via [HP RAIL](#) (more information below); and,
- [Dedicated training classes](#)—tailored to your needs—delivered at your site or via RAIL (contact your HP Education Consultant for scheduling and pricing).

HP RAIL—Live training. No travel.

[HP RAIL](#) delivers live interactive instruction, including hands-on lab work—*virtually*—in real-time over the internet. Based on [HP Virtual Rooms](#) technology, RAIL combines the best of classroom training with the best of online training—without the travel and with reduced ‘out-of-office’ time. Students attend our instructor-led training from wherever they are: home, office, anywhere. You can explore RAIL through our free [‘Kick the Tires’ demo](#). Live, 30 minute sessions are held each Wednesday from 12:15 to 12:45 p.m. (Eastern).

HP Virtual Rooms

[HP Virtual Rooms](#) (HPVR) provides an online meeting place for collaborating with team members, business partners, and customers. Based on advanced HP technology, HPVR facilitates effective communication and improves productivity across large, geographically dispersed workforces. Quick to download, easy to deploy, and easy to use, HPVR helps organizations reduce costs associated with travel, training, and support. HPVR provides a secure, reliable and efficient interface for:

- Attending meetings or training from anywhere in the world—without leaving your desk—by simply using a standard Internet connection;
- Interacting and sharing information using a wide variety of text and graphic media—including voice and video;
- Building learning communities and work teams through virtual “connections;” and
- Providing quick and efficient remote computer support (HP Virtual Support Rooms).

HP Cloud Computing, ProLiant, BladeSystem and Insight Software Training Courses

Course Number	Course Title	Duration (days)	Price USD
HP Cloud Computing Overview/CloudSystem Matrix			
 HK922S	Cloud Foundation	2	1600
 HE642S	Introduction to Converged Infrastructure and HP BladeSystem Matrix	1	800
 HK920S	HP CloudSystem Matrix: Infrastructure Administration	3	2400
 HK916S	Matrix OE: Infrastructure Orchestration Integration	4	3200
 HK919S	HP Matrix: Cloud Maps		
 HK917AAE	Cloud Overview WBT	1.5 hours	200
HP ProLiant BladeSystem, Insight Software and Matrix			
HE643S	HP Insight Foundation (includes new ProLiant/Blades administration content)	2	1600
 HE646S	HP BladeSystem Administration: c-Class (now includes hardware install/setup content from the old HG813S course)	3	2400
 HK758S	HP BladeSystem Virtual Connect	3	2400
 HE644S	HP Insight Control Suite: Managing/Monitoring with HP SIM (HK756S + HK757S combo course)	5	3200
HK756S	HP Systems Insight Manager Essentials Control	2	1600
HK757S	HP Insight Control Advanced Topics	3	2400
HK760S	HP Insight Control Power Management	2	1600
HE645S	HP Insight Control Server Deployment	3	2400
HE642S	Introduction to Converged Infrastructure & HP BladeSystem	1	800
HK317AAE	Introduction to HP Insight Control V6 WBT	4 hours	200
HG815AAE	Introduction to Virtualization WBT	4 hours	150
ProLiant ML/DL/SL Server Training			
HK751S	Industry Standard Architecture and Technology	5	4000
HK752S	APS Service Fundamentals	1	800
HK753S	Servicing HP ProLiant ML/DL/SL Servers	2	1600

Frequently Asked Questions

1. **How do I find course details—such as prerequisites, format, and content?**

Use the hotlinks embedded in each course number to go directly to the online course page on the HP Education Services website. The course page includes details such as the course outline and prerequisites.

2. **How do I find the proper sequence for the classes within an area?**

To access the curriculum path for each portfolio, use the “» » » *Learn more about...*” hotlinks provided at the end of each curriculum section of this guide.

3. **Once I have selected the course I need, how do I find out when and where it is offered?**

First, use the hotlink to access the online course page. Then use the links in the ‘*At a glance*’ section near the top of the course page to go to the *Class Schedule Display* organized either by *location* or by *date*. The Class Schedule Display provides the current open enrollment schedule.

3. **I need to train my whole team—is there a better way to schedule a group of people to take the same class?**

If you need to train 6 or more people, talk to us about **Dedicated Classes**. Dedicated Classes can save you money over the cost of individual open enrollment courses. Plus, with dedicated delivery, we can tailor the course to your specific needs. Dedicated classes can be delivered at your site or can be delivered by **RAIL**. If you are interested in scheduling a dedicated class, contact your HP Education Consultant.

5. **My team is geographically dispersed. What are my best options?**

HP offers open enrollment classes in our Education Centers throughout the **US and Canada** and **around the world**. Regardless of location, all classes are delivered by highly qualified professional instructors and use the same training content and materials. With HP Education Services, you are assured that your team gets consistent training.

Another excellent option for geographically dispersed teams is the dedicated class delivered via **RAIL**. With dedicated RAIL delivery, your team receives consistent, in-depth training—tailored to your specific needs—without the expense and inconvenience of travel. Since RAIL is based on the **HP Virtual Room/Virtual Lab** technologies, your team can easily interact with each other and benefit from a shared learning experience.

6. **How do I enroll?**

- If you wish to enroll online, go to the *Class Schedule Display*, select your session, click on the *Enroll* link and complete the online registration. Payment can be by credit card, HP Care Pack or other HP contract, check, or purchase order.
- To enroll by phone or by email, contact the HP Education Services Customer Registration Center:
