

# HP BladeSystem Networking Rev. 11.41

Learning Center ID: 00378835

HPES Course ID: HL942

Course duration: 3 days

## Partner registration and class information

To view a schedule of classes and to register online for this course, [click here](#). Then call 1-800-472-5277 (US) or 1-800-563-5089 (Canada) to provide your method of payment.

**Dates:** May 8—10;2012

**Location:** Downers Grove, Ill

**Format:** Instructor-led training

**Price:** \$2,700 USD

## Audience

HP Solution Architect HP Authorized Reseller  
Partners HP Technical Client Consultants HP Field  
Presales & Competency Center Solution Architects

## Course description

As the use of server virtualization technology has significantly expanded in data centers, an alternative solution for server connectivity to IP and storage networks has been developed to help simplify the resulting equipment and operations complexity that has followed. HP Virtual Connect is a hardware and software solution implemented as an interconnect module for the HP BladeSystem. HP Virtual Connect is a server edge virtualization solution that introduces a layer of abstraction between servers, and the local area (IP-based) networks and storage area networks. This course describes how the HP virtual connect family of interconnect solutions, which are modules deployed in HP BladeSystem enclosures, can be used to enable server blades, also installed in the BladeSystem, to access IP and storage networks. A variety of supporting networking technologies will also be covered, including protocols and standards applicable to Layer 1, 2, and 3, that are commonly encountered when selling data center solutions encompassing local area and storage area networks. Content has been added on the Converged Network Adapter (CAN) technology and HP Virtual Connect FlexFabric module and the latest Virtual Connect firmware.

## Certifications

- [AIS - HP BladeSystem Solutions \[2010\]](#)
- [AIS - HP ProLiant ML/DL/SL Servers \[2010\]](#)
- [HP AIS - Converged infrastructure Integration \[2011\]](#)

## Exam

- HPO-S32: HP BladeSystem Networking

## Cancellation policy

Registration may be cancelled without tuition charge if HP training registration receives notification of cancellation eleven days prior to the class.

Visit the HP Education Services website for [cancellation policy](#) details.

## For assistance

If you need registration assistance, please call:  
- 1-800-472-5277 (US)  
- 1-800-563-5089 (Canada)

If you have questions or need assistance, regarding the ExpertONE program, certifications, exam inquiries, or The Learning Center (TLC) send an email to [Expertonesupport.na@hp.com](mailto:Expertonesupport.na@hp.com) or call 1-800-273-4812 (Option 4, Option 3).

Questions regarding HP Partner Portal should be directed to [HPPartnerPortalSupport@hp.com](mailto:HPPartnerPortalSupport@hp.com).
